Specialized Therapies: Music Therapy

Musical or rhythmic interventions are utilized to assist the participant in accomplishing the restoration, maintenance, or improvement of social or emotional functioning, mental processing, or physical health. Music therapy provides a participant the opportunity to move from isolation into active participation through an increase in verbal and nonverbal communication, social expression, behavioral and social functioning, and self-awareness.

A music therapy provider must be:

1. A licensed professional with documented training and experience relative to the specialized therapy being provided. This may include a: clinical social worker; professional counselor; marriage and family therapist; registered nurse; vocational nurse; physical therapist; occupational therapist; or dietitian; or

2. Certified by the Certification Board for Music Therapists (MT-BC).

The Wraparound Plan must describe:

1. The skills training that will be provided to participant, as they relate to achieving the participant’s identified goal(s);

2. The strategies and/or action steps that will be used to assist the participant in achieving the identified goal(s); and

3. The type, scope, and duration of the service.

Progress notes are required for the provision of music therapy and must include:

1. Participant name;

2. Date of contact with the participant;

3. Start and stop time of contact with the participant;

4. Service name and description;

5. Service location;

6. Wraparound plan objective(s) that was the focus of the service;

7. Participant response to nutritional counseling being provided;

8. Progress or lack of progress in achieving Wraparound Plan goals; and

9. Direct service provider’s signature and credentials.
